

# DALSTON PIER

## About the space

Dalston Pier is a bright and versatile warehouse style studio in the middle of Dalston. Two rows of skylight windows provide great natural light throughout the day – the windows can be blacked out partially or completely. The drive in studio has a high vaulted ceiling with steel A-frame rafters, a mix of white brick and wood panelled walls.

Amenities include a large lounge and client area, an open plan kitchen, a styling area with all necessities, a variety of props and tables, wifi and parking nearby. Our sister company L'Atelier accommodates any dietary requirements. Rental equipment can be arranged at short notice.

Dalston Pier is located right next to Rio Cinema on Kingsland High Street, within walking distance from the overground stations Dalston Kingsland and Dalston Junction.

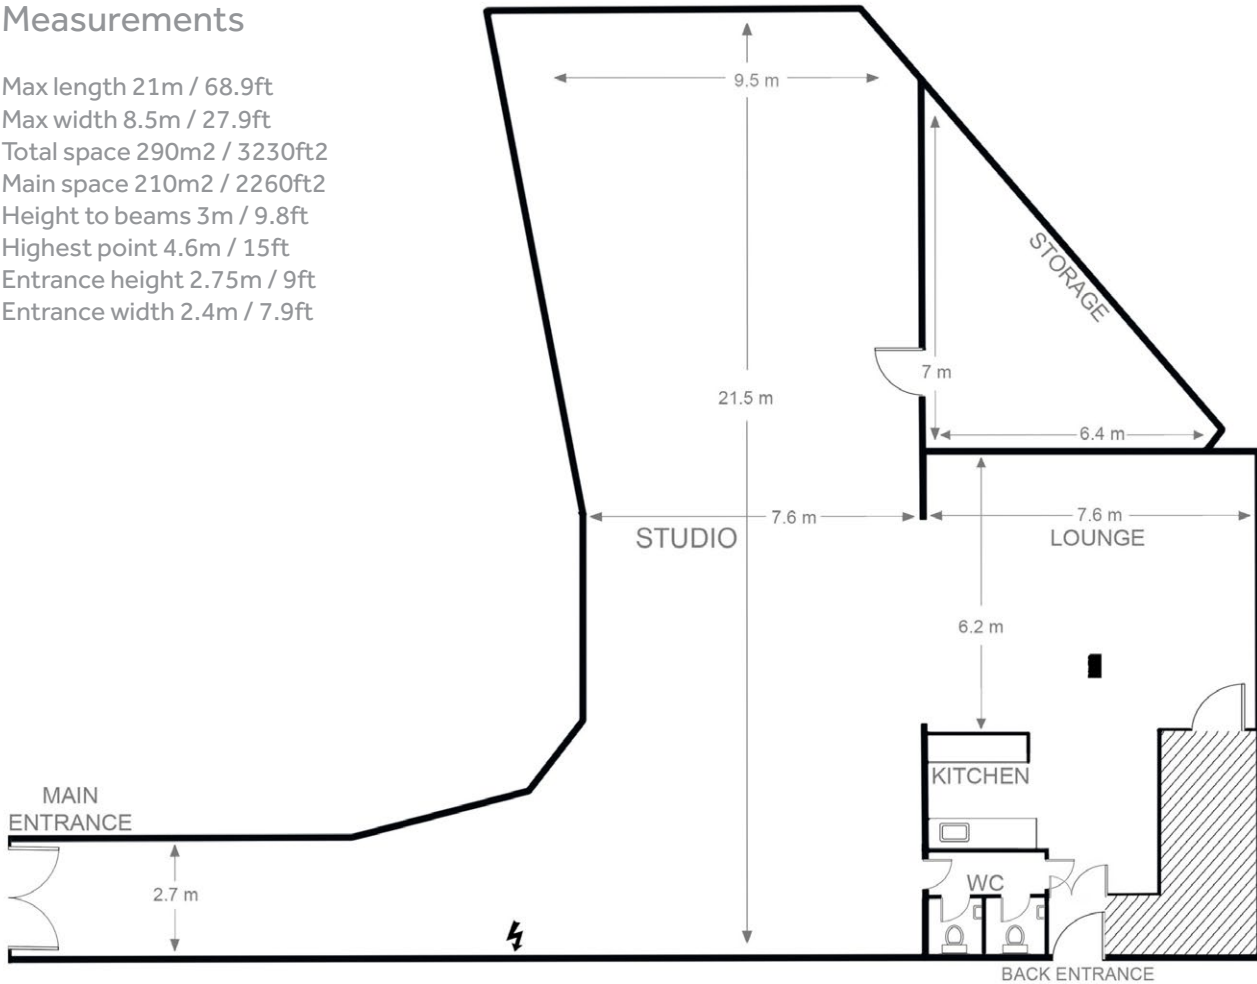

2A John Campbell Road, London N16 8JZ
